PREFACE.

In this third volume of the Marriage Registers of Cambridgeshire there are now placed in the hands of the subscribers the Marriage records of ten parishes, including one, St. Botolph, in the town of Cambridge, all of them dating back to the sixteenth century.

It will be seen that in several cases, notably Long Stanton and Girton, considerable use has been made of the Bishops' Transcripts to supply deficiencies which have arisen through the loss of parochial records. For permission to use the Transcripts, preserved in the Diocesan Registry at Ely, and to transcribe them for the purposes of this series, we are indebted to the Bishop of Ely and to his Registrar, Mr. W. Johnson Evans. It may be useful to the reader to have a list of the parishes contained in the previous volumes.

As before, entries are reduced to a common form, and the following contractions have been freely used:—

w.=widower *or* widow.	p.=of the parish of.
s.=spinster, single woman, *or* son of.	co.=in the county of.
b.=bachelor *or* single man.	dioc.=in the diocese of.
d.=daughter of.	*lic.*=marriage licence.

Thanks are due to the clergy for valuable assistance in the preparation of this volume. The names of those who have given permission for these records to be printed are mentioned under the respective parishes.

It is of the highest importance that we should not delay in printing the Registers as rapidly as possible, as this is the only way in which their contents can be effectively preserved. Greater care undoubtedly is taken of these invaluable personal records than was formerly the case, but loss of Registers still goes on, and it may be mentioned that in more than one instance Registers have disappeared since they were transcribed, although it is but twelve years since this series of printed Parish Registers was commenced.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence." For certificates application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the Registers. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers. And subscribers will greatly aid if they will take every opportunity of making known the existence of this series, as it is the Editors' object, as in other counties, to issue two volumes yearly.

Marriages at Boxworth,

1588 to 1812.

NOTE.—The Boxworth Registers appear to be complete from the year 1588.

Volume I, a small parchment book, contains Baptisms, Marriages and Burials from 1588 to 1712; there are also some interesting notes of institutions, briefs, legacies and bequests.

In Volume II, another parchment book, the entries from 1708 have been copied from the first volume; the Marriages are carried on to 1758, Baptisms to 1799, and Burials to 1800.

Volume III has Banns and Marriages up to 1812.

Rev. E. Young has made a complete transcript of the Boxworth registers up to 1812, and these Marriage entries are now printed under his supervision by leave of the Rev. A. Kirke Smith, Rector of Boxworth.

Marriages at Oakington,

1561 to 1812.

NOTE.—Oakington, properly Hockington, was frequently written in former times Hogginton. The parish includes the hamlet of Westwick.

Volume I. is a parchment book, originally about 14¼ by 5½ inches, which has been recently re-bound; a few paper leaves occur in the middle of the volume. The book is in good condition, but the spelling and writing during the Commonwealth period are very bad, especially as some of the parchment is nearly transparent. It contains Baptisms, Marriages and Burials from 1561 to 1720.

Volume II. is a parchment book about 13 by 8½ ins. It is in excellent condition and the registers have been well kept. The Marriages are continued to 1753, other entries to 1799.

Volume III. contains entries of banns down to 1854, and Marriages to 1856.

The Marriages have been transcribed for this series by kind permission of Rev. H. G. Hooton, Vicar.

Marriages at Dry Drayton,

1565 to 1812.

NOTE.—Volume I. is a parchment book, about 12½ x 7½ inches, in good condition, containing Baptisms, Marriages and Burials from 1564 to 1713; from 1653 onwards most of the entries, made by parish clerks, are very badly written. From 1670 to December 1675 a few Baptisms only are recorded.

Volume II. is a parchment book, about 17 x 5¾ inches; the Marriages are continued to 1753, other entries to 1757.

Volume III. is the usual book, containing Marriages and Banns from 1754 to 1812. The Marriages have been copied for this series by kind permission of Rev. R. Winkfield, Rector.

Marriages at St. Botolph's, Cambridge,

1564 to 1804.

NOTE.—The Marriages of this parish are contained in five volumes, the first four of which are parchment books, also containing Baptisms and Burials. The two first volumes are badly stained in places; otherwise the registers are in good condition. Parts of Volume III. have been kept in a very illiterate way.

Volume V. is Lord Hardwicke's book, containing both Banns and Marriages; in the transcript from this book the particulars in brackets are taken from the Banns only.

Volume I. measures 16 x 7¼ inches; Volume II., 14 x 6¼ inches; Volume III., 16 x 7½ inches; Volume IV., 13¾ x 8¼ inches.

This transcript has been made by Rev. E. Young, of Fen Drayton, Cambs., by kind permission of Rev. C. H. W. Johns, Rector of St. Botolph's.

Marriages at Madingley,

1539 to 1812.

NOTE.—Volume I. of the registers is a parchment book, 14½ x 6½ inches, containing the entries from 1539 to 1698, it has been re-bound, and is in good condition. The original paper book, measuring 8 x 6 inches, is still preserved; a few leaves are missing, but the rest is in good condition. Most of the original entries were in Latin; in the transcript of 1599 [?] they have been translated, and there are many small variations in spelling; those given in brackets, in the present transcript, are from the original register.

Volume II. is a parchment book, 13 x 8 inches, containing Marriages to 1753, and other entries to 1812. It has suffered slightly from damp, and some few words are illegible.

Volume III. containing Banns and Marriages from 1755 onwards, is in a very dilapidated state from damp.

The Marriages have been transcribed for this series by kind permission of Rev. F. W. Doxat, Vicar.

VOLUME I.

Additions and variations from the Ely Transcripts are given in brackets [ ].
